You've become blind by what you can't see
Can you tell me was it worth it
To see this side of my back, to dress my toe in a tag
Took sweat and tears to dig this hole(not me you want
to bury)
No your motives won't be wrong, cause motives don't
belong

You chastise, criticize, don't you dare try to dictate my
life
What's at stake is a mistake, don't lie and tell me it's
okay

To tell you the truth, I see that certain spark about you,
that
Certain spark about you
No your motives won't be wrong, cause motives don't
belong
Here with me, on the back of my tongue and with a slip
of my mind

(Choose sides)
You chastise, criticize, don't you dare try to dictate my
life
(You Fake)
What's at stake is a mistake, don't lie and tell me it's
okay

Everything's okay

Now I found myself, speaking in tongues, because I
ground my teeth to gums.
No I'm not content, I'm terrified, I'll keep your secrets
safe

I knew your motives all along, because your motives
were so strong

(Choose sides)
You chastise, criticize, don't you dare try to dictate my
life

(You Fake)

What's at stake is a mistake, don't lie and tell me it's
okay

Everything's okay, Everything's okay

Choose sides you fake

I'll keep your secrets safe, on the back of my tongue
And with a slip of my mind

I knew your motives all along, because your motives
were so strong

(Choose sides)

You chastise, criticize, don't you dare try to dictate my
life

(You Fake)

What's at stake is a mistake, don't lie and tell me it's
okay

Tell me it's okay
