### "Can't Fight Love"

See i'm the one that loves you  
She never deserved you  
Sorry if it hurts her  
But i've gotta have you  
This might end a friendship  
A chance i'm gonna take it  
If you feel the same way i know that we can make it

Would she take your coat when you come in from out  
the rain?  
Would she hold your hand again  
If it eased away your pain  
Would she try her best to give you room to grow  
Or would it all be just a show  
Or could it all just be in vain

#### *[Chorus]*

You can't fight love  
No you can't fight love  
Don't you turn and walk away  
Cos i though i heard you say  
You lost it time and time again  
You can't fight love  
No you can't fight love  
You can't buy it on a shelf  
You should look for no one else  
Nobody but myself

I've been standing by  
In a silence i have cried  
Darling to hold you in the night  
But i never spoke a word  
And all the love in me  
Can't reveal the way i feel  
But when i tell you what's inside  
Don't you run away for miles

#### *[Repeat Chorus]*

See i'm the one that loves you

She never deserved you  
Sorry if it hurts her  
But i've gotta have you  
This might end a friendship  
A chance i'm gonna take it  
If you feel the same way i know that we can make it

*[Repeat Chorus]*

You can't fight love
