"Dumb"

Above the feeling
This is revealing
Boy i didnt know you cared
Mustve been up on the weekend
In the club freakin
Boy i could see you stare
You were lookin right at me
Lookin right back
We knew there was something there
And i know you knew that if we did do this
It would be an affair

Cos my mans at home
Lookin at the finger his ring goes on
He got trust in me
How'm i gonna live with myself if i cheat

Dumb diggi-diggi-di dumb di-dumb
And 'though I know it would be fun to get some
Gotta run now, gotta go
Gotta get home
Cos my baby's boy's on his own
Better be Dumb diggi-diggi-di dumb di-dumb
And 'though I know it would be fun to get some
Gotta run now
I gots ta get home,
My baby boy's on his own,

Up on the dancefloor
Then ya go ask for a night in with me
But ya know that aint gon' happen
I wont get trapped in
This, see, it just aint me
And you can try, seduce me
But its no use, see
I'm in love with my baby
And I wont let you in
Mess up and move in
To do that I'd be crazy

Cos my mans at home
Lookin at the finger his ring goes on
He got trust in me
How'm I gonna live with myself if I cheat

Dumb diggi-diggi-di dumb di-dumb don't want none
And 'though I know it would be fun to get some
Gotta run now, gotta go
Gotta get home
Cos my baby's boy's on his own
Better be Dumb diggi-diggi-di dumb di-dumb don't
want none
And 'though I know it would be fun to get some
Gotta run now
I gots ta get home,
My baby boy's on his own,

Theres no way that im gon' play
I dont care what you gon' say
Even though you make me crazy
I wont risk losing my baby
Theres no way that im gon' play
I dont care what you gon' say
Even though you make me crazy
I wont risk losing my baby

That'd be Dumb diggi-diggi-di dumb da dont want
none
And 'though I know it would be fun to get some
Gotta run now, gotta go
Gotta get home
Cos my baby's boy's on his own
Better be Dumb diggi-diggi-di dumb da dont want none
And 'though I know it would be fun to get some
Gotta go now
I gots ta get home,
My baby boy's on his own,
