## "My Friend"

(Till the end...)

(Till the end...)

My friend Kelly's got a problem in her life  
She's got a man who doesn't love her  
And never treats her right  
No he hits her and he beats her  
And nearly took her life  
And now she's lying in a hospital bed  
And all i can do is cry

She was my friend, till the end  
There's no one better than her  
She was always there, till the end  
There was no need to apologize  
She never did nothing to me  
She was my friend (till the end)

My friend Jamie, he'd never had a fight  
He was the sweetest kinda guy  
He could always make me smile  
Then he caught the street life  
And he started selling drugs  
Then they found him in a puddle  
And it was no love

He was my friend, till the end  
There's no one better than him  
He was always there, till the end  
There was no need to apologize  
He never did nothing to me  
He was my friend (till the end)

You gotta love yourself, hold yourself  
Squeeze yourself, kiss yourself  
And never let nobody else come disrespect yourself  
Life is short and life is good  
And life is sweet  
But you never know when life will come and puch you  
off your feet

You only get one chance, you gotta take it  
If you believe in you, you're gonna make it  
Whenever things go wrong, only you can make it right  
Don't ever let no one, no one control your life

He was my friend, till the end  
There's no one better than him  
He was always there, till the end  
There was no need to apologize  
She never did nothing to me  
She was my friend (till the end)  
He was my friend  
She was my friend  
Till the end...  
Till the end...  
Till the end...
