I should warn you
Things you're feeling
Aren't normal now
Think you need me
It's not easy
Let you go somehow...

[Bridge]
Now we're too far gone
Hope is such a waste
Every breath you take you give me the burden's bitter
taste
You promised that you'd stay
You say you wanna go
Your lips provide a shelter for the things that I don't
know

[Chorus]
Please speak slowly
My heart is learning
Teach me heartache
Stop this burning
Now

Wishful thinking
Patience shrinking
Bliss is far away (far away, far away)
North is calling
Now I'm falling
At your feet please stay...

[Bridge]

[Chorus]

Please speak slowly
My heart is learning
Teach me heartache
Stop this burning

[Chorus]
