### "Another Heart Calls"

(feat. The Pierces)

Do you remember when we didn't care  
We were just two kids that took the moment when it was  
there  
Do you remember you at all  
Another heart calls

Yeah I remember when we stole the night  
We'd lie awake but dreaming 'til the sun would wash  
the sky

Just as soon as I see you  
But didn't I, but didn't I tell you  
As deep as I need you,  
You wanna leave it all

What can I do?  
Say it's true  
Or everything that matters breaks in two  
Say it's true  
I'll never ask for anyone but you

Talk to me  
I'm throwing myself in front of you  
This could be the last mistake  
That I would ever wanna do  
Yeah all I ever do is give it's time you see my point of  
view

Just as soon as I see you  
But didn't I, but didn't I tell you  
As deep as I need you,  
You wanna leave it all

What can I do?  
Say it's true  
Or everything that matters breaks in two  
Say it's true  
I'll never ask for anyone but you  
But I know what you want is to figure it out

And God knows I do too  
What can I do?  
Say it's true  
I'll never ask for anyone but you

Oh, oh, oh, oh, oh, oh, oh, oh  
Na, na, na, na, na, na

I'm sorry  
So what?  
But you don't think I've said enough  
I'm sorry  
I don't care  
You were never there

As soon as I see you  
But didn't I, but didn't I tell you  
As deep as I need you  
You wanna leave it all

What can I do?  
Say it's true  
Or everything that matters breaks in two  
Say it's true  
I'll never ask for anyone but you  
But I know what you want is to figure it out  
And God knows I do too  
What can I do?  
Say it's true  
I'll never ask for anyone but you  
Oh, oh, oh, oh, oh, oh, oh, oh

I'll never ask for anyone but you  
Oh, oh, oh, oh, oh, oh, oh, oh
