### "Breakin'"

Hold on tight  
Wrap your arms around me til your knuckles are  
burning white  
All your tears  
Couldn't match the bitter taste of all these wasted  
years

You take take  
Everything that wasn't even yours  
Wait wait  
You don't got a hold of me anymore

In a clear view there's a silhouette  
And I watch you and I can't forget  
(Knew we were done when you locked that door)  
Yeah I figured it out now  
Breaking's what the heart is for  
When I see you in a silhouette  
And you hold close, do you feel regret  
(Keeping me down when I hit that floor)  
And I figured it out girl  
Breaking's what your heart is for

(For) so long  
I've had to bite my tongue but what's the point if the  
feelings gone  
I turn my head (I turn my head)  
A blind eye only sees a memory but all I see is red (all I  
see is red)

Now don't don't  
Say it didn't happen that way  
I won't won't  
Believe another word that you say

In a clear view there's a silhouette  
And I watch you and I can't forget  
(Knew we were done when you locked that door)  
Yeah I figured it out now  
Breaking's what the heart is for

When I see you in a silhouette  
And you hold close, do you feel regret  
(Keeping me down when I hit that floor)  
And I figured it out girl  
Breaking's what your heart is for

Yeah breaking's what your heart is for  
Yeah breaking's what your heart is for

And not a soul sleeps  
Another heart skips a beat  
It's every note that you wrote  
And I hope that you choke on the lines  
You're wasting my time, another heart beats tonight

In a clear view there's a silhouette  
And I watch you no I'll never forget  
(Knew we were done when you locked that door)  
Yeah I figured it out now  
Breaking's what the heart is for  
When I see you in a silhouette  
And you hold close, do you feel regret  
(Keeping me down when I hit that floor)  
And I figured it out girl  
Breaking's what your heart is for

Yeah breaking's what your heart is for  
Yeah breaking's what your heart is for  
Yeah breaking's what your heart is for  
Yeah breaking's what your heart is for
