Down down down,
Into a cloudy sea
You love me like a car
wrapped around a tree
Down down down, its only way to go
sometimes its hard to hold on
Without letting go

[chorus]
Walk in the water
'cause I can hardly breathe
We leave the ones who love us
You were all I ever needed
Just stand in the water
Drown next to me

Now now now,
'cause the curtain has to close
we take a bow and face the crowd
and realize your all in the show
Now, just now,
You can rest your weary eyes
Its only all in what your living for makes you feel damn
alive

[chorus]
Walk in the water
'cause I can hardly breathe
We can lead the one to love us
You were all i ever needed
We'll tell each other lies
That I know we'll both believe
Just stand in the water
Drown next to me

[bridge]
I'm never letting go
Caught in the undertow
Take your love, heart and soul, dive down
'Cause it what is drying us both out

[chorus]
Now walk in the water
'cause I can hardly breathe
We leave the ones who love us
You were all I ever needed
Yeah
We'll tell each other lies
That I know we'll both believe
We'll just stand in the water
Just stand in the water
Just stand in the water
Drown next to me

[instrumental fade out]
