### "Fembot"

Went to bed with a smile.  
Bragged to my friends  
for a little while.  
And I wished for another date,  
to sit with you dazin'.  
I was in this state  
of tossing and turning  
not knowing what to do.  
Just sitting and waiting for  
a call from you.  
I know that it's real and it's no surprise.  
To see that its true I look into your eyes.  
Yes, she changed me.  
And now I'm not the same.  
And I know just how I have a world when she says my  
name.

Now I see you every day.  
I go out of my way just to see your face  
and school with you isn't the same.  
Sleepless nights and our jokes are lame.  
I am hoping and dreaming of another night like this.  
Restless, and yearning for your sweet kiss.  
I know that it's real. It's no surprise.  
To see that it's true I look into your eyes.

Oh Yes, she change me,  
Now I'm not the same.  
I know now just how I have a world when she says my  
name.  
She changed me and now im not the same.  
And I know now just how I have a world  
when she says my name.

Tossing and turning not knowing what to do.  
Just sitting and waiting for a call from you.  
I know that its real and its no surprise.  
To see that its true I look into your eyes.  
Yes, she changed me. A  
And now I'm not the same.

And I know just how I have a world when she says my  
name.  
Tossing and turning not knowing what to do.  
Just sitting and waiting for a call from you.  
I know that its real and its no surprise.  
To see that its true I look into your eyes.  
Oh Yes, she changed me.  
And, now I'm not the same.  
And I know just how I have a world when she says my  
name.
