"Girl Of My Dreams"

Beautiful you are
Yeah, you I choose
I look to the stars
For a girl like you
And what I lost I have found
And, yeah, we'll wait around
For the girl that is you
Yeah

Maybe a chance
I could have with her
We shared a glance
At least I thought we were
And what I have lost I have found
And, yeah, we'll wait around
For the girl that is you
Yeah

You make my heart skip, but how?
I'm scared
What do I do now

I wanna go out
I'm stuck here all alone
I gotta get out
I'm here all alone
And I'm thinking of you
You're on my mind
I try to talk to you
But you never give me the time of day

I dream of us
And wake up alone
We'll take the bus
But I'm still at home
And what I've done I'll do
And then it's just me and you
And then you leave in May

You leave me hard and lonely

You are my one and only

I wanna go out
I'm stuck here all alone
I gotta get out
I'm here all alone
And I'm thinking of you
You're on my mind
I try to talk to you
But you never give me the time of day

Do - do do do - do do do - do do do do do [x2]

You are
Such and beautiful thing
And all goods things must come to an end
You are
Such and beautiful thing
And all goods things must come to an end
It's the end - It's the end - It's the end for you
It's the end - It's the end - It's the end for you
It's the end - It's the end - It's the end for you
It's the end - It's the end

I wanna go out
I'm stuck here all alone
I gotta get out
I'm here all alone
And I'm thinking of you
You're on my mind
I try to talk to you
But you never never never never

I wanna go out
I'm stuck here all alone
I gotta get out
I'm here all alone
And I'm thinking of you
You're on my mind
I try to talk to you
But you never give me the time of day

Do - do do do - do do do - do do do do do [x9]
