### "Happy Endings"

Time does tell  
That even if they say so  
She'd be the one that would know  
That I did do what I've done  
And I wouldn't call it cheating  
I'd just say I was leading her on  
Why walk while I run a-way

You- you ask me what went wrong  
Me- I'll write you this last song  
Please- just tell me one way we can win  
One- more thing before I go  
Two- the one who loves me so  
Three- don't make me count to three again

Happy endings  
Just what did you do, If you're a dream then come true  
Stop pretending  
That what you mean isn't what you say  
Hopeful dreaming,  
Of times before the pain, wishing it was still the same  
Loving, leaving  
Round and round and round we go again

Walks a-lone, have often lead to thinking  
My love for you is sinking to what seems an all time low  
or high, the limits' never ending,  
And don't you know I'm sending  
There's no venture I won't go  
For you

You- you ask me what went wrong  
Me- I'll write you this last song  
Please- just tell me one way we can win  
One- more thing before I go  
Two- the one who loves me so  
Three- don't make me count to three again

Happy endings  
Just what did you do, If you're a dream then come true

Stop pretending  
That what you mean isn't what you say  
Hopeful dreaming,  
Of times before the pain, wishing it was still the same  
Loving, leaving  
Round and round and round we go again

She walks away, she talks away  
She walks away  
She walks away, she talks away  
Away, away...

Happy endings  
Just what did you do, If you're a dream then come true  
Stop pretending  
That what you mean isn't what you say  
Hopeful dreaming,  
Of times before the pain, wishing it was still the same  
Loving, leaving  
Round and round and round we go again

Happy endings  
Just what did you do, If you're a dream then come true  
Stop pretending  
That what you mean isn't what you say  
Hopeful dreaming,  
Of times before the pain, wishing it was still the same  
Loving, leaving
