[Verse one] I still remember that empty look left on your face

You took the pictures, but you left the frames

All we had written, well, it's been erased

Something that I had to do

I cut you deep you're bleeding through

You're every single shade of blue

When I'm standing right in front of you

[Chorus]

I can hear your heartbeat slowing down

I can hear your heartbeat turn me around

You can take my life

All you need

Make me right

I can't sleep with your heartbeat slowing down

[Verse 2] The hair you left scattered like wishes I led to your room

I bury my face in your pillow just to smell your perfume

Outside I'm hungry but inside I'm just consumed

Tell me how am I supposed to breathe, when losing you is choking me?

[Chorus]

I can hear your heartbeat slowing down

I can hear your heartbeat turn me around

You can take my life

All you need

Make me right

I can't sleep with your heartbeat slowing down

[Bridge] I fucking hate this town

I wanna burn it down

I've never felt so cold

And when I burn this town

I hope I burn it down

And leave me on my own

I fucking hate this town

I wanna burn it down

I've never felt so cold

I hear your heartbeat slowing down

[Chorus]

I can hear your heartbeat slowing down

I can hear your heartbeat turn me around
You can take my life
All you need
Make me right
How can you sleep with your heartbeat slowing down?
I can hear your heartbeat slowing down
