Here's your letter
And in each line I'll write your love away
And you know
Say it's better
But sometimes what is honest I can't say

And it's true
I think it's better than before
When I gave you love, you wanted more
There's the door

This is useless
How can I explain what needs no words
But you know
Now you'll lose this
To what's been done you're praying for the words

But it's you and I guess it's better than before
(I guess it's better than before)
When I gave you love you wanted more
(When I gave you love you wanted more)
There's the door
Cause I'm on the floor

There's your letter
When you're done I'm saying it once more
Cause it's true

And I guess it's better than before
(I guess it's better than before)
When I gave you love, you found some more
(When I gave you love, you found some more)
Cause it's you

And I guess it's better than before
(I guess it's better than before)

When I gave you love, you wanted more
(When I gave you love, you wanted more)
There's the door
Cause I'm on the floor
And there's the door
And I'm on the floor
