one boy
one girl
two hearts
their world
time goes by
secrets rise

one more sad song
tears shed , shes gone
she'd take it back
if she only could

all the perfect words they seem so wrong
shes gone
you wish you could learn to see
the door is closed and you wish you could be

alone with you
alone with me
what can i do
i cannot breath

my heart is torn
for all to see
alone with you
alone with me

best friend
worst thing
shes been cheating
friend deceives
she leaves

last date
she cries
whispers good-bye
she walks once more
out that door

and all the perfect word they seem so wrong
shes gone

you wish that you could learn to see
the doors close and you wish you could be

alone with you
alone with me
my heart is torn for all to see
alone with you
alone with me

please stay
dont go away
the hardest thing is letting go of you

please stay dont go away
the hardest thing is letting go of you

what can i do?
alone with you
alone with me
what can i do?
i cannot see

alone with
alone with.....
