### **"The Wind Blows"**

I got to breathe  
You can't take that from me  
Cause it's all that you left that's mine  
You had to leave  
And that's all I can see  
But you told me your love was blind

I know there are times  
You're so impossible that I should sign a waiver  
And you will find  
Someone worth walking on when you ask me to go

I'll leave when the wind blows  
Take a breath there your heart goes  
I'll be outside of your window  
I'll pass by but I'll go slow  
I'll leave when the wind blows

There was a day  
You threw our love away  
Then you passed it to someone new  
You wanna stay  
But since you wanna play  
We can finally say we're through

And I know there are times  
You're so impossible and you ask me to go

I'll leave when the wind blows  
Take a breath there your heart goes  
I'll be outside of your window  
I'll pass by but I'll go slow  
I'll leave when the wind blows  
You can scream there's just echoes  
I'll pass outside of your window  
You'll be sad that you let me go  
I'll leave but just know

As I lay in solitude  
Oh what's a boy supposed to do

I shake the very thought of you  
Me together, I remember  
Late nights when I stayed up late  
All I do is wait and wait  
You're never coming home to me  
That's the hardest thing to see

I got to breathe  
You can't take that from me  
I can finally say we're through

I'll leave when the wind blows  
Take a breath there your heart goes  
I'll be outside of your window  
I'll pass by but I'll go slow  
I'll leave when the wind blows

You can scream there's just echoes  
Pass outside of your window  
You'll be sad that you let me go  
On every face you'll ever know  
And everywhere you ever go  
You'll feel when the wind blows
