### "Why Worry"

I worry, I wonder all the time why worry  
It's killing me, forget about it

I whisper, remember what she did  
Don't miss her  
Set me free, she won't allow it

Angry and gone, and the list goes on and on  
If it's love, I will differ, I'm being lost being with her

I can't move on, I can't take it  
She, she says we won't ma-a-ake it now  
I can't move on, I can't take it  
She, she says we won't ma-a-ake it now

Be-lieving, the things I did were wrong  
I'm leaving  
It fades a-way, forget about it  
She's binding, can't do a thing alone  
Rewinding  
Times before, can't live without it

Angry and gone, and the list goes on and on  
If it's love, I will differ, I'm being lost being with her

I can't move on, I can't take it  
She, she says we won't ma-a-ake it now  
I can't move on, I can't take it  
She, she says we won't ma-a-ake it now

I don't know  
But you did but you did but yo-ou did  
Please don't go  
Now my feelings for you they're now lost  
'cause we're through anymore  
I'll write you , I'll call you  
Now

I'm being lost being with her [x2]  
I'm being lost

Forget about it

I can't move on, I can't take it  
She, she says we won't ma-a-ake it now  
I can't move on, I can't take it  
She, she says we won't ma-a-ake it now  
*[Repeat to fade]*
