### "Wasted Hours"

All those wasted hours we used to know  
Spent the summer staring out the window  
The wind it takes you where it wants to go

First they built the road, then they built the town  
That's why we're still driving round and round  
And all we see  
Are kids in buses longing to be free

Wasted hours, before we knew  
Where to go, and what to do  
Wasted hours, that you made new  
And turned into  
A life that we can live

Some cities make you lose your head  
Endless suburbs stretched out thin and dead  
And what was that line you said  
Wishing you were anywhere but here  
You watch the life you're living disappear  
And now I see  
We're still kids in buses longing to be free

Wasted hours, before we knew  
Where to go, and what to do  
Wasted hours, that you made new  
And turned into  
A life that we can live
