"Let Me Share The Ride"

Hey there buddy
Slow down for me
I'm friendly and I'm clean
I will not rob you or cause you misery
Your wheels sound good to me
I ain't green with travel
As you can see
I only got one bag
If I am trouble drop me off
In Abilene
I'll pay my gasoline

[Chorus]

Let me share the ride
Let me share the ride

It's hard living on travel time
Please let me share your ride

I never was a young man
Never felt old
This life is a mystery
My coffee's hot not cold
I'll turn your dashboard gold
Slow down take a look at me

I'm not not running from anything
I've no past to hide
I've got no secrets haunting me
I just easy ride
