### "Losing My Mind"

Every time I fall  
I bring you along  
Because I need you there  
Every time I leave  
For my selfish things  
I know I'm wrong

No matter what I want to believe  
Nothing like this comes easily

*[Chorus:]*

I love you, yes I love you  
Even though I know I should stay away  
Because I hate you, yes I hate you  
Even though it looks like I'm going to stay  
And I think that I'm losing my mind

My time in the dark  
Was tearing me apart  
And that's not okay  
A man of blood and bones  
Alone on his throne  
could walk away  
Oh how your web has been spun  
And I'm out of my mind  
And it ain't no fun
