### "Make Glad"

Ballad and Dagger, Amazing Grace  
Sons of rock bottom take your rightful place  
Glad tooth and top hat with an ace up your sleeve  
Show me your pistol so I can believe

*[Chorus:]*

Make Glad  
Find the beauty in the broken  
Make Glad  
May your heart always be open  
Make Glad  
Keep an eye out for your brother  
Make Glad  
And I will see you in the other

Turpentine babies with one foot in the south  
Turned out the turnkey for runnin' his mouth  
"Jump", said the sheriff - "Get up out of that hole  
Get in line and do what you're told!"

*[Chorus:]*

Make Glad  
Find the beauty in the broken  
Make Glad  
May your heart always be open  
Make Glad  
Keep an eye out for your brother  
Make Glad  
And I will see you in the other
