"Mellow Down Easy"

You jump jump here
You jump jump there
You jump jump jump everywhere
Then you mellow down easy
Mellow down easy
You mellow down easy when you really wanna blow
your top

You shake shake here
You shake shake there
You shake shake shake everywhere
Then you mellow down easy
Mellow down easy
You mellow down easy when you really wanna blow
your top

You wiggle wiggle here
You wiggle wiggle there
You wiggle wiggle wiggle everywhere
Then you mellow down easy
Mellow down easy
You mellow down easy when you really wanna blow
your top
