Got a chainsaw buzzin'  
Who's that cussin'  
Eyes start blinkin'  
The boys all start their wishing

Left holdin' the bag again  
Buring it at both ends  
Don't believe she's a friend

Chorus:

Thick, thick & thin  
Let it loose now, let it go to the wind

Got my clock tock tickin'  
Hear the madame start bitchin'  
See the boys itch itchin'  
Do girls ever know what they're missin'

But it sounds like shit to me  
Last laugh mine will be  
I don't believe she is clean

Chorus:

Thick, baby, yeah, thick & thin
