Can't believe you're leaving me

I can't believe we're through  
even though it's plain to see  
that you've found someone new.

Southern nights are bright no more

no more stars above;  
waves roll down the island shore  
while I am dreaming of...

Capri  
the night and you  
when we were still together...  
Who's gonna hold me tight  
the way you used to do ?

Capri  
the night and you -  
but you are gone forever...  
new love will warm the night  
but I'll be missing you.

Sometimes you'll remember me

a girl you left behind

love we shared so tenderly  
still living in your mind.

This will be your turn  
my love

to feel that we're apart  
when you share the burning of  
those memories in my heart...

Capri  
the night and you  
...

I know that I will find  
peace of mind  
a few days from now  
and a new romance to see me through  
whenever I feel blue.

I know the sun will shine

down the line

I'll make it somehow;  
But there's no romance to see me through  
those memories of you...

Capri  
the night and you  
...  
ace  
can only be a desperado.

The devil sent you to Lora... {
