If I was to expire on a day like this
Then pay no heed at all
Returned again, my secret fire
From confusion trails
To death's own roll call

And you know that I don't know what to do
But I could wait a thousand years or more
Settled in to the point where I...
I don't know what the hell I'm waiting for

It's my time to be waiting
All locked down, chained in the hole
But when my waiting is done
I'm gonna give it a whirl
[x2]

Again, try to rewire
The connections of your tired machine
Well, you know you've been a liar
A good for nothing two-faced go-between

It's my time to be waiting
All locked down, chained in the hole
But when my waiting is done
I'm gonna give it a whirl
[x6]
