Hey, hello
How are you?
Whatever
Fine, I got a message for you
One two three four

Try to look so cool in your skintight jeans
We all know how you act behind the scenes
Hide behind a wall of long dark hair
We all know that you really do care
I know you don't care what I say
Better listen anyway

Too good for everyone
Not good enough for me
Too good for everyone
Not good enough for me

Talk about yourself to everyone
Put them down when you're done
I can see through that whole lie
I've seen you doubt and I've seen you cry
Know you don't care what I say
Better listen anyway

Too good for everyone
Not good enough for me
Too good for everyone
Not good enough for me

Think you're too good to hang with me
Want me to beg on my hands and knees
Want me to praise you night and day
Sorry babe, there's no way
Know you don't care what I say
Better listen anyway

Too good for everyone
Not good enough for me
Too good for everyone
Not good enough for me

Too good for everyone
Not good enough for me
Too good for everyone
Not good enough for me
