### "Country Hell"

such a foolish thing  
what a way to be  
i couldn't stay in here  
and it's not right to leave  
i couldn't tell you how  
but all the things i feel  
have their qualities

if you fall apart  
fall into my arms  
one uneasy morning  
doesn't make me leave

such a simple thing  
what a way to say  
i couldn't help myself  
for my foolish ways  
you couldn't tell me how  
but all the things you feel  
have their qualities
