Pretend it never happened, keep it all inside
Every time you think of him
Put it out of your mind
Emotion makes you weaker
Act like you don't care
When you look into his eyes
You know this just ain't fair

Can't you see it's over, it's done?
He was only in it for the fun
Thought that he was perfect for you
You never really even had a clue
Now that you know what's real
And you know how it feels
You should just get over it

Forget it ever happened
This time you're moving on
Done with this, you don't need him
To tell you that you're wrong
You know that you are stronger
Then to think that he would care
About the fun, the fights, the laugh the cries
The fact he wasn't there

Can't you see it's over, it's done?
He was only in it for the fun
Thought that he was perfect for you
You never really even had a clue
Now that you know what's real
And you know how it feels
You should just get over it

Don't stop, don't think about it
Don't waste your time
Don't wait, he's not worth it
Don't change your mind

Can't you see it's over, it's done?
He was only in it for the fun
Thought that he was perfect for you

You never really even had a clue
Now that you know what's real
And you know how it feels
You should just get over it
