### "Heartbreaker"

No, not again  
oh, what a man  
just who I thought that I wanted to have  
Oh, don't do that  
don't use that bat  
that's all it takes to make me falling flat

No, not again  
a loser I am

I love you tonight  
you are my knight  
cure and assure and make me feel alright  
tomorrow you'll find  
I'm not around  
but don't be uptight  
'cause I loved you last night

Vacant and free  
yeah, that is me  
Just tell me how and I'll please you for free  
tell me I'm good  
I know I'm bad  
Lies make me feel fine although it is sad

Oh, not again  
not one more man
