What's that? A hat
Crazy funky junky hat
Overslept, Hair's unslighty,
Tryin' to look like Keira Knightley,
We been there, we done that
We see right through your funky hat

Every day is always the same
Some might say
I'm not texting you LOL, I'm running away
Been there, Done that, Made anything great.
I am so not gay
I'm not in the mood for calling, I'm running away

What's that? A hat
Crazy funky junky hat
Overslept, Inentailly,
Tryin' to look like
Keira Knightley,
We been there, we've done that
We can see through your funky hat!

Every day is always the same
Some might say
I'm not texting you LOL, I'm running away
Been there, Done that, Made anything great.
I am so not gay
I'm not in the mood for calling, I'm running away
I'm running away
I'm Running Uh Way
