Don't try to tell me where ya been, cuz i got my friends  
and ya got your friends. Breakin' up and makin' up  
never ends. Lyin' here with you makes me feel better.

(1st Verse)

I wake up early in the mornin' then i get in the streets,  
leavin' your pretty head yawnin' deep asleep in the  
sheets. I know sometime we fuss and fight and might  
not speak for some weeks, but you don't ever knock my  
hustle cuz we playin' for keeps. When i get home late  
you contemplatin' for cheat. I told ya bout my other  
freaks, fly rhymes, and phat beats. Can't nothin' or  
nobody come in between cuz everything I have is  
yours, it's everything girl.

and don't try to tell me where ya go, cuz I really don't  
think that i wanna know. Up and down any mountain  
and around we go (ooh girl). Lyin' here wit you makes  
me feel better. Lyin' here wit you makes me feel better.  
Lyin' here wit you makes me feel better. Lyin' here wit  
you makes me feel better.

(2nd Verse)

By now we've been through right and wrong, we've  
been through off and on but it don't ever be no song  
like when your off and gone and when you go it's  
always for too long, so I get on the phone and be like  
baby come home. Just listen here my dear and lay  
beside me pretty lady don't you cry, and let me tell you  
why you are the apple of my eye, cuz what we got is  
tried and true, to put it simply all that pimpin' in me  
died with you.

and don't try to tell me where ya been, cuz i got my  
friends and ya got your friends. Breakin' up and makin'  
up never ends (ooh girl). Lyin' here with you makes me  
feel better. Lyin' here with you makes me feel better.  
Lyin' here with you makes me feel better. Lyin' here  
with you makes me feel better.

(Guitar Solo)

and baby don't try to tell me where ya been, cuz i got  
my friends and ya got your friends. Breakin' up and  
makin' up never ends (ooh girl). Lyin' here with you  
makes me feel better. Lyin' here with you makes me  
feel better. Lyin' here with you makes me feel better.  
Lyin' here with you makes me feel better.

It's better than good  
It's better than good  
It's better than good  
It's better than good  
It's better than good
