If you're ready to leave,
Then go ahead, just leave.
If you're ready to be,
Then please be honest with me.

Who said I dreamed of you anyway?
Who said I wanted you to stay?
Who said I wanted you to be the one?
Who said I even wanted this love?

Maybe if I try hard enough
I can turn it all around.
Maybe if I love you good enough
This wall will just fall down.

How can I keep this pain away, (away)
When the rain has come to stay?
How do you make right from wrong, (from wrong)
When all that was right is gone?
How can I keep these tears away, (away)
When the truth has come to stay?
How do you believe in love, (in love)
When the love isn't enough? (enough)

You'll never know how much I care;
I saw the world in you so bare.
I breathed your love into my soul.
How much I loved you, you'll never know.

I said I dreamed of you everyday.
I said I wanted you to stay.
I said I wanted you to be the one.
I said I wanted you to be this love.

Maybe if I try hard enough
I can turn it all around.
Maybe if I love you good enough
This wall will just fall down.

How can I keep this pain away, (away)
When the rain has come to stay?
How do you make right from wrong, (from wrong)

When all that was right is gone?
How can I keep these tears away, (away)
When the truth has come to stay?
How do you believe in love, (in love)
When the love isn't enough? (enough)

Enough (x6)

Now I can only cry.
Baby, I don't know why
Things will never be the same
And the pain won't go away.

Maybe if I try hard enough
I can turn it all around.
Maybe if I love you good enough
This wall will just fall down.
But I know it's just too late;
How do you stop it
When you already know,
You already know,
You already know it's gonna break?

How can I keep this pain away, (away)
When the rain has come to stay?
How do you make right from wrong, (from wrong)
When all that was right is gone?
How can I keep these tears away, (away)
When the truth has come to stay?
How do you believe in love, (in love)
When the love isn't enough? (enough)

Enough (x4)
