You weren't suppose to mean that much to me
I wasn't suppose to fall in love
You weren't suppose to seem like you loved me
I wasn't suppose to lose control

But now you're gonna go
And now I'm wondern' why
I'm left here to cry

[Chorus]
How do you tell someone something they don't wanna hear?
And how do you tell someone about the object of their fear?
And how do say you changed my mind?
I love you so.
How do you make someone love you,
Someone love you, if they don't?

You weren't suppose to make me wanna love you.
I wasn't suppose to give you my heart.
You weren't suppose to break the rules of friendship.
I wasn't suppose to play that part.

But now you're gonna go
And now I'm wondern' why
I'm left here to cry
[Chorus]
How do you tell someone something they don't wanna hear?
And how do you tell someone about the object of their fear?
And how do say you changed my mind?
I love you so.
How do you make someone love you,
Someone love you, if they don't?

Maybe I saw more than I should have
And maybe you saw more then you would have
But it remains that its you I need
I'm so deep, I'm so deep, I can't be saved.

[Chorus]

How do you tell someone something they don't wanna
hear?

And how do you tell someone about the object of their
fear?

And how do say you changed my mind?

I love you so.

How do you make someone love you,

Someone love you, if they don't?
