Missing you  
Thinking of the times we shared  
The secrets we bared  
And the love between  
Something Ive never seen or felt before  
Things have broken since then  
And we have not spoken  
Cant we go back to yesterday?  
Till then  
(chorus)  
I will be waiting, I will be waiting  
Till the stars fall down  
Cuz love in youve Ive found  
I will be waiting, I will be waiting  
For you, this I'd do  
La, la, la, la, la, la  
La, la, la, la, la, la  
Ill be waiting baby, waiting for you  
Words can't say  
What I feel for you  
I just know each day my love grows  
Though you're not even here, but I don't she'd a tear  
cuz I know  
That you'll be back someday  
And you'll see that love remains  
For you, my love will stay the same  
Till then  
(chorus)
