And on and on and on and on
and on and on and on and on
and love goes on and on and on
and life goes on and on and on

When I was with you I was
always happy and I
Drempt of promises you made to me
Now I see you holding hands
with another girl and I
I cannot understand why you
Would ever leave our love behind

Love can set you free, sometimes its meant to be
and love goes on and on and on and on and on and on
and on
Love can make you mine, sometimes its so unkind
but life goes on and on and on and on and on and on
and on

And on and on and on and on
and on and on and on and on
and love goes on and on and on
and life goes on and on and on
Maybe we're not meant to be
together now I see
Never be the one I love...forever
It was not okay for you
to be untrue and lie to me
Dont think that you'll get another chance
'cause you've already lost the key

Love can set you free, sometimes its meant to be
and love goes on and on and on and on and on and on
and on
Love can make you mine, sometimes its so unkind
but life goes on and on and on and on and on and on
and on

And on and on and on and on
and on and on and on and on
and love goes on and on and on

and life goes on and on and on
