It's a cold, cold night, darling  
A cold and lonely night  
Cold, cold night, baby  
A cold and lonely night

Cold nights are driving me mad  
Cold nights are making me sad  
Why did you have to leave me so soon?  
Now you've gone and leave me with the emptiness of  
this room  
The emptiness of this room

It's a cold, cold night, darling  
A cold and lonely night  
Cold, cold night, baby  
A cold and lonely night

Why, oh why are you doing me like this?  
All your good loving I'm now gonna miss  
Come on home, give me a second try  
I'll see to it that you are satisfied, truly satisfied

It's a cold, cold night, darling  
A cold and lonely night  
Cold, cold night, baby  
A cold and lonely night

Cold nights are driving me mad  
Cold nights are making me sad  
Why did you have to leave me so soon?  
Now you've gone, with the emptiness of this room  
The emptiness of this room

It's a cold, cold night, darling  
A cold and lonely night  
Cold, cold night, baby  
A cold and lonely night

Hear me now, hear me now  
Cold nights, darling, cold nights  
Cold nights, honey, cold nights

Cold nights, sugar, cold nights
