I've yet to understand love
You've got another man
Yes, I've found out
You've got another man
Baby, this I can't understand

If you really love him
Go out and let him know
You've got to, baby
Go out and tell him so
Go out and let it show

One thing I've got to say, I've got to say right here...
Give it up, give it up, give it up, give it up
Let him have it, let him have it, let him have your love
Give it up, give it up, give it up, give it up
Baby, let him have your love
I mean every word I say, every day

One thing I've got to tell you, girl
I really miss you so
Yes I do, darling
More than you'll ever know
I mean every word, baby, I should have never let you
go

Give it up, give it up, give it up, give it up
Let him have it, let him have, let him have your love
Give it up, give it up, give it up, give it up
Give me some loving

Give it up, give it up, give it up, give it up
Let him have it, let him , let him have your love
Give it up, give it up, give it up, give it up
Give me some loving

Give it up, give it up, give it up, give it up
Give me some loving
Give it up, give it up, give it up, give it up
Give me some loving
