You fool around with my heart  
Seeing how far you can tear it apart  
Oh how long can it tear before I cry?  
Oh baby why, why, why??????????????

So I guess all you ever wanted was a reputation  
To be some kind of sensation  
Well baby I got news  
Sit back cuz this might surprise YOU

You're not sexy anymore  
Now you've got a reputation for sure  
Isn't that all you ever wanted from me?  
Everyone knows to avoid you  
Baby can't you see?  
This is what you get for what you put me through  
You're not the hottest sensation  
But now you for sure have a reputation  
I've finally gotten what I want from you (yeah, yeah,  
yeah)  
Baby are you likin' the news?  
You finally have what asked for  
And isn't that all you ever wanted?

You thought that I was blind, as if I couldn't see  
I could see everything you were doing to me  
Pushing my heart around like it needed you  
Baby my heart isn't broken and I know all about what  
you do

My heart is bruised, black and blue  
But it won't be crying too long over you  
Cuz it got the news

You're not popular anymore  
But now everyone knows your name for sure  
Isn't that all you ever, ever wanted from me?

Now everyone knows you hide from the truth  
Can't you see?  
This is what you get for everything you put me through  
You've defiantly got some kind of sensation

And some kind of reputation  
Isn't that all you ever wanted from our love?  
Isn't this just enough  
You got your dream  
Isn't it all you ever wanted from you and me?

All you ever wanted was for everyone to know your  
name  
All you ever wanted was to be cool with the guys  
All I ever wanted was for you to pay  
All I ever wanted was to be happy with the situation  
between you and I  
I guess I got what I wanted after all  
Cuz you're not, you're not

You're not popular anymore  
But now everyone knows your name for sure  
Isn't that all you ever, ever wanted from me?  
Now everyone knows you hide from the truth  
Can't you see?  
This is what you get for everything you put me through  
You've defiantly got some kind of sensation  
And some kind of reputation  
Isn't that all you ever wanted from our love?  
Isn't this just enough  
You got your dream  
Isn't it all you ever wanted from you and me?

All you ever wanted, all you ever, ever wanted
