BELIEVE

I can't even believe you
After all the things we went through
How could you do this to me?
I thought I knew everything except I couldn't see
Oh I can't believe

Tell me you're wrong and lying trying to make a joke
Tell me you're smoking coke
This just a dream,
OR is something wrong with you and me

I thought that I knew everything bout you and me
I just can't believe
Didn't you see that I loved you?
I thought this was true
I don't believe this
Oh oh oh
I thought we were living bliss
I just can't believe this

How could you tear us apart?
Didn't you know that you had my heart
I'm playing a sad song now
Praying that things will turn around
How could you tear us apart?

No, no, no I just can't believe you

What did you do???
NO NO NO NO NO

I thought that I knew everything bout you and me
I just can't believe
Didn't you see that I loved you?
I thought this was true
I don't believe this
Oh oh oh
I thought we were living bliss
I just can't believe this

Cheater, cheater

I thought I knew her
No, e whoa I don't, can't
How could I believe this?!?!?!?

I thought that I knew everything bout you and me
I just can't believe
Didn't you see that I loved you?
I thought this was true
I don't believe this
Oh oh oh
I thought we were living bliss
I just can't believe this

How could you do this to us?
How could you do this to our love?
I just don't believe this
