Come Down

All my friends look at me

Say girl you're lucky

I wanna say I know

Oh but I don't

They all say we're perfect

And that this love is worth it

We're gonna make it someday

Too bad I know it's not worth another breath baby

All that's left to say is goodbye

[Chorus]

Baby this is the end

Cuz nothing can take back the words that we've said

The hurtful things we didn't mean

Are ending this dream

Because sometimes sorry just can't fix it

We were so lucky baby

But everything's got to come down to nothing

[2nd Verse]

The shoulders that were there disappear

And no one's there to catch my tears

They're all pissed because of what I said to you

They think I'm making the biggest mistake

But we know the truth

We know what's behind the closed doors

We know what's not there anymore

The fire of desire turns to sparks

And burns my heart

Oh whoa

[Chorus]

Baby this is the end

Cuz nothing can take back the words that we've said

The hurtful things we didn't mean

Are ending this dream

Because sometimes sorry just can't fix it

We were so lucky baby

But everything's got to come down to nothing

[Bridge]

I'm losing my head

Trying to get over the edge

Trying to make you come over here and kiss me

But we both know (oh, oh)

[Final Chorus]

Baby this is the end

Cuz nothing can take back the words that we've said

The hurtful things we didn't mean

Are ending this dream

Because sometimes sorry just can't fix it

We were so lucky baby

But everything's got to come down to nothing

[Final Verse]

Oh whoa oh, oh

We're so lucky

We're so lucky
