I can see it in your eyes  
There's no more time for lies  
No one will ever understand us again  
And it's all in a matter of word's we've said

They might all make fun of us  
But it's just because they can't feel our love (no)  
We might feel their breath down our necks  
And I can see it's effect

Baby you're losing yourself  
Slowly disappearing among everyone else  
Just hold I tight  
I know we can make it through the night  
I know you're losing yourself  
You're losing your own heart  
Slipping into everyone else  
Tearing everything apart  
Baby pleeeeeeaaassee don't lose yourself

I can feel your faith shaking  
I know your heart is breaking  
We're laughing on the outside  
But dying to cry  
I know, I know

Oh bsby the words they might say  
Do they really matter at the end of the day (no, noooo)  
All I know, all I can say is  
Baby you're losing yourself  
Slowly disappearing among everyone else  
Just hold I tight  
I know we can make it through the night  
I know you're losing yourself  
You're losing your own heart  
Slipping into everyone else  
Tearing everything apart  
Baby pleeeeeeaaassee don't lose yourself

I can see your pain  
I know you're sick of crying cause of everyone's vain  
You're breaking down, down

Freaking out  
No no no no

Baby you're losing yourself  
Slowly disappearing among everyone else  
Just hold I tight  
I know we can make it through the night  
I know you're losing yourself  
You're losing your own heart  
Slipping into everyone else  
Tearing everything apart  
Baby pleeeeeeaaassee don't lose yourself

Please don't lose yourself

Whoa don't lose yourself~
