I could see it from the day I first saw you
You were perfect for me to fall back into
It was like sparks flew from across the room
My breath was taken away and I knew that this was
something more
More than anything Iâ€™ve had before

You were wild and crazy
I was uptight
But you got me thinking that maybe,

Youâ€™re just my perfect prince charming
You catch me in a way thatâ€™s more than alarming
Itâ€™s just that thereâ€™s something in you
Something that I can fall back into
You burn me down and then build me back up
Everything is crazy and I feel like giving up
Youâ€™re perfect, but youâ€™re not enough
Oh, Iâ€™ll just call you prince charming

We get in a fight
So you stay up all night
You call my dad because Iâ€™m not answering again
But I still wonâ€™t talk to you

You throw rocks at my window
I said â€œJust go awayâ€œ
But you still said â€œNoâ€œ
And you stayed out there until the next day

Thatâ€™s why I still say,

Youâ€™re just my perfect prince charming
You catch me in a way thatâ€™s more than alarming
Itâ€™s just that thereâ€™s something in you
Something that I can fall back into
You burn me down and then build me back up
Everything is crazy and I feel like giving up
Youâ€™re perfect, but youâ€™re not enough
Oh, Iâ€™ll just call you prince charming

We fight and scream

But then I can't get that melody out of my head
You're like a dream
It's you, it's your everything
Stay with me now

Oh my perfect prince charming
You catch me in a way that's more than alarming
It's just that there's something in you
Something that I can fall back into
You burn me down and then build me back up
Everything is crazy and I feel like giving up
You're perfect, but you're not enough
Oh, I'll just call you prince charming

La, la, la, la, la, la, la
