Rendezvous

You're making me feel so frustrated  
When you go and make things so complicated  
Everything was just so fine before  
But I don't know anymore  
Wow, whoa, I thought you were the one

I guess I'm just a little confused when it comes down  
to you  
All I remember from the past is a sexy rendezvous  
You ran your fingers through my hair  
Whoa what happened from the past, I thought I'd be  
with you

I remember us flirting like crazy  
I remember loving you baby  
You were my kind of child  
I remember us going so wild  
And a hot rendezvous  
When you touched me slowly like you do  
OH what do you do you say?  
Maybe, baby, we could rendezvous today  
OH, oh, back the way we used to be tonight

You twisted my hair in your sweet fingers slowly  
You reminded me why I am who I choose to be  
I fell in love with you, you fell for me  
I don't know what happened to what we used to be  
But I know that tonight we're just that way again

You kissed my lips

And said meet me tonight at my place  
You and I were in perfect bliss  
And all I could dream about was your face  
AND THAT FIRST SEXY RENDEZVOUS  
OH, OH

I remember us flirting like crazy  
I remember loving you baby  
You were my kind of child  
I remember us going so wild

And a hot rendezvous  
When you touched me slowly like you do  
OH what do you do you say?  
Maybe, baby, we could rendezvous today  
OH, oh, back the way we used to be tonight

Maybe Iâ€™m just the girl in a slinky black dress you met  
one night  
Iâ€™m just the girl who made you feel alright  
Just a dance in the moonlight  
But I know I will always  
Remember us flirting like crazy  
I remember loving you baby  
You were my kind of child  
I remember us going so wild  
And a hot rendezvous  
When you touched me slowly like you do  
OH what do you do you say?  
Maybe, baby, we could rendezvous today  
OH, oh, back the way we used to be tonight
