That Was Me & You
He holds my hand
And asks me to dance
Iâ€™m lost in his eyes
All the pretty colors

We kiss in the parking lot
Looking at each other, and away
Iâ€™m cold but this is hot
Then I open my eyes and it was just another dream

[Chorus]
That was me and you at one time
We were kissing and looking up at the sky
You gave me all the reasons why
We were some kind of beautiful, wonderful, magical
But it ended,
Just like the truth
And now I dream (I dream, I dream) of when that was
me and you

[2nd Verse]
We sit on the couch in the dark
He tells me that I always had his heart
Weâ€™re smiling at each other, not even looking at the
movie

Oh we had dreams of growing up and getting married
And having babies
We named them before we even knew
Oh and I open my eyes one more time
And I realize

[Chorus]
That was me and you at one time
We were kissing and looking up at the sky
You gave me all the reasons why
We were some kind of beautiful, wonderful, magical
But it ended,
Just like the truth
And now I dream (I dream, I dream) of when that was
me and you

[Bridge]

Oh, oh yeah when that was me and you
When we were kissing in the dark
Stealing my heart
When we were fighting
When we were crying
Baby when that was me and you

[Final Chorus]

That was me and you at one time
We were kissing and looking up at the sky
You gave me all the reasons why
We were some kind of beautiful, wonderful, magical
But it ended,
Just like the truth
And now I dream (I dream, I dream) of when that was
me and you baby

[Final Verse]

Oh when it was, oh when it was
That was me and you
YEAH
