What I say about actin like that?
What I say about actin like that?
What I say about actin like that?
You got yourself mixed up with a sick bunch, yeah!

Heard you comin from the back of the struggle.
Heard you lack something to burst your little bubble.
Don't mean to be shady.
Got a lot of hate from brothas who made me.
Put a slug in barrel to handle me with their lady.

But I ain't getting clowned, but you're the genius.
Skippin town to babble on to your sweetness with your weakness.
You're caught in a gaze man.
You're walking the maze man.
You're rockin all them stages and burnin up the pages of fate.

Runnin amuck but stayin calm and colleted.
Just think when you're dead, man, your legacy will end
Unless you got something to say but don't be the layman
Got a second to recompose yourself from getting all disheveled.

What I say about actin like that?
What I say about actin like that?
What I say about actin like that?
You'll get yourself hurt with a sweet lookin bunch like us.

I don't give a damn what you think about me.
Walk how I walk because I choose to see that I'm a misfit.

Rockin in the mix, what is this?
With the smoke spellin out in your brain how you missed it.

You're getting clowned but you're the genius.

You're skippin town to babble on to your sweetness
with your weakness.
You're caught in a gaze man.
You're walkin the maze man.
You're rockin all them stages and burnin up the pages
of fate.

But I ain't after them dames who couldn't please me
anyway
Coz always in my mind I was born to shine my way.
Unless you got something to say but don't be the
layman.
Got a second to recompose yourself from getting all
disheveled.

What I say about actin like that?
What I say about actin like that?
What I say about actin like that?
You'll get yourself hurt with a sweet lookin bunch like
us.

What I say about actin like that?
What I say about actin like that?
What I say about actin like that?
You'll get yourself hurt with a sweet lookin bunch like
us.

I'm just doing my thing my way.
I'm just doing my thing my way.
I'm just doing my thing my way.
You'll get yourself hurt with a sweet looking bunch like
us.
