There comes a day and many occasions when they  
place their hatred on those who chose to make it.  
Ever optimistic about the path I chose and the way I  
rose to them nosebleed occasions.  
Won't be the boastful type, but I can charm a queen at  
the dead of any midnight.  
Low lights, mood right, another smooth night. Life of a  
mystic is the kind of life for me.  
Heaven sent is what I've been told. Ever subtle and  
bold soldiers of God I roll with.  
Hope you know this cos people can sense it when it  
seems like they've got something to say.  
But I just wanna live right cos I'm forever the dreamer.  
Don't need anybody telling me what to be coz I'm  
justified by the only one who can judge me, love me,  
save me and satiate me.  
With a vengeance I'll be the one to break free, when the  
world comes down on me with a vengeance.  
As the world comes down on me...

It ain't a mystery why we got to follow others.  
How many ways are there for us to fall asunder?  
Try to make it out and on the way we get leveled.  
Shell shocked, treading in the base of our trouble.  
Friends they come and friends they go,

round a bloody circle and never seem to know  
that they're heading for the middle in a truce with  
greed,  
fillin everybody with things they don't need.  
See me, said it was bloody, me hungry with no money  
but never had to worry, said the words of my master.  
Though every year is going faster and faster  
Ain't no labingi but me rooted in Rasta  
Ain't no labingi but me rooted in Rasta  
Ain't no labingi but me rooted in Rasta  
Ain't no labingi but me rooted in Rasta

Lay in bed at night next to my princess so she knows  
that she doesn't have to worry.  
I live my life to what I feel is right and all I know is that  
I'm not in a hurry.

I fill my soul to the fullest so at the end of the day I  
won't need nothin to show.  
I live my life on the edge so at the end of the night I can  
rest with a smile that glows.  
Lay in bed next to my princess, holding her tight so she  
knows that I'm loving her down.  
Take my time when I'm makin her mine cos I know that  
she would't settle for less than a begger.

Take my time, as the world comes down on me with a  
vengeance.
