"Call Me A Fool"

i can't believe i finally found
the key, the door, the trip
it was all in my mind
now i'm one with the fools of love
i can't believe i finally found
the prisoner, the free man
were all in my mind
now i'm one with the fools of love

these fools of love are misunderstood
their history is with me now

i can't believe my core was shaken
i gave up the ghost of everything i was before
now i'm one with the fools of love

so call me a fool
call me a fool
call me a fool

i can't believe my dream is over
i woke up this morning with nothing but light in my eyes
now i'm one with the fools of love
i can't believe the key, the door,
the clouds that blocked the sun
they were all in my mind
now i'm one with the fools of love
