### "Even If"

For what it's worth I think there's  
nobody like you  
You've got grace got a heart beating and despite  
your fun  
As I grew up I was terrified of darkness  
Now you're around I've no reason  
to be frightened

'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky  
You light the ground I walk on

Now that you're mine I can't  
picture life without you  
You're my friend,  
you're my lover wanna bite you

'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky  
You light the ground I walk on

The world goes on spinning and I can't retrace  
My heady footsteps to this place  
I'm in heaven right now  
and I don't want to come down

'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky  
You light the ground I walk on

Now we're alone gonna show  
how much I need you  
Kiss you so won't ever wanna leave me

'Cause even if the sun came tumbling down  
You light the ground I walk on  
Even if the moon fell out the sky

You light the ground I walk on

'Cause even if the sun came tumbling down

You light the ground I walk on

Even if the moon fell out the sky

You light the ground I walk on
