### "Looking Through Your Eyes"

Look at the sky tell me what do you see  
Just close your eyes and describe it to me  
The heavens are sparkling with starlight tonight  
That's what I see through your eyes

I see the heavens each time that you smile  
I hear your heartbeat just go on for miles  
And suddenly I know why life is worthwhile  
That's what I see through your eyes  
That's what I see through your eyes

Here in the night, I see the sun  
Here in the dark, our two hearts are one  
Its out of our hands, we can't stop what we have begun  
And love just took me by surprise, looking through your  
eyes

I see a night I wish could last forever  
I see a world we're meant to see together  
And it is so much more than I remember  
More than I remember  
More than I have known

Here in the night, I see the sun  
Here in the dark, our two hearts are one  
Its out of our hands, we can't stop what we have begun  
And love just took me by surprise, looking through your  
eyes  
Looking through your eyes
