in a dream i had
you were standin all alone
with a dyin' world below
and a microphone
singin' hallelujah
i finally broke their mold

whatever its gonna take
good luck, keep it real
where (are) the boys in LIVE?
they're pissin' in the mainstream
open up your cage
focus all your rage
the world needs people like you

in a dream i had
i was on a stage with queen
michael stipe and elton john
bono and springsteen
singin hallelujah, rock and roll is king

whatever its gonna take
good luck, keep it real
where (are) the boys in LIVE?
they're pissin' in the mainstream
open up your cage
focus all your rage
the world needs people like you

people like you!
people like you!
motherfuckers like you!
people like you!

in a dream i had
you were standin all alone
with a dyin' world below
and a microphone
singin' hallelujah
i finally broke their mold

whatever its gonna take
good luck, keep it real
where (are) the boys in LIVE?
they're pissin' in the mainstream
open up your cage
focus all your rage
the world needs people like you

people like you
