They're going crazy in middle of the night  
Slipping and sliding into heavenly bliss  
Fallen angels spinning from the lights  
Slipping, sliding into heavenly lace

But it's all, it's all right now  
'Cause we're livin' for this night, for so long now  
Yes, it's all, it's all right  
(It's all right)  
We are livin' on  
Hope  
We are livin' on  
Life  
Dependin' on  
Truth  
Until the day we die  
We are livin' on  
Hope  
We are livin' on  
Life  
Dependin' on  
Truth  
Until the day we die

Lost and lazy floating through the dawn  
And twisting, turning in a hazy mist  
A guardian angel of silver and ice  
Sleeping, sinking in a stream of light

But it's all, it's all right now  
(It's all right now)  
'Cause we're livin' for this night for so long now  
Yes, it's all, it's all right  
(It's all right)  
We are livin' on  
Hope  
We are livin' on  
Life  
Dependin' on  
Truth  
Until the day we die  
We are livin' on

Hope  
We are livin' on  
Life  
Dependin' on  
Truth  
Until the day we die

But it's all, it's all right now  
'Cause we're livin' for this night for so long now  
Yes, it's all, it's all right  
We are livin' on  
Hope  
We are livin' on  
Life  
Dependin' on  
Truth  
Until the day we die  
We are livin' on  
Hope  
We are livin' on  
Life  
Dependin' on  
Truth  
Until the day we die  
Until the day we die

We are livin' on  
Life  
Dependin' on  
Truth  
Until the day we die  
Truth  
We are livin' on  
Life  
We are livin' on  
Life  
We are livin' on  
Truth  
Until the day we
